

Medicare's Annual Enrollment Period

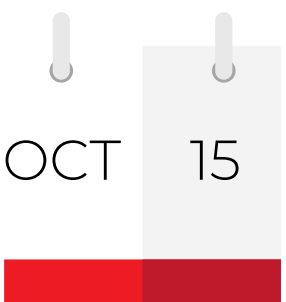

Important Dates and Deadlines

If you are enrolling in a Medicare plan for the coming year, or are considering switching plans, here are the critical dates you need to know.

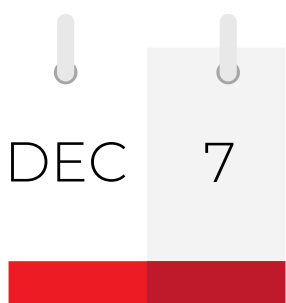

Enrollment Information is Available

Plan information becomes available for the upcoming plan year. Start your research early.

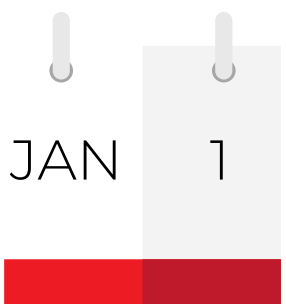

Annual Enrollment Period Begins

This is the first day you can add, enroll or change your Medicare benefits. Do not make changes until you have done your research.

Annual Enrollment Period Ends

This is the last day you can enroll for Medicare health coverage for the coming year.

First Date Coverage Can Start

Any initial enrollment or change request will begin today.
