

Medicare: Know more. Stress less.

There are two different ways to obtain your coverage. You can keep your Original Medicare (Parts A and B), and join a prescription drug plan (Part D) and/or purchase a Medigap policy, **OR** you can purchase a Medicare Advantage plan (Plan C).

We have highlighted a few key differences between these options below.

FOUR PARTS OF MEDICARE EXPLAINED

Original Medicare		Private Insurers/Health plans	
Part A	Part B	Part C	Part D
<p>Provides coverage for hospitalization and inpatient care:</p> <ul style="list-style-type: none">• Inpatient hospital stays• Skilled nursing care• Hospice• Home care	<p>Provides coverage for medically necessary services:</p> <ul style="list-style-type: none">• Office visits• Outpatient surgery• Lab tests and radiology• Durable medical equipment• Preventive exams	<p>Combines Parts A, B, and D.</p> <p>Often covers:</p> <ul style="list-style-type: none">Dental ExamsVision ExamsHearing ExamsGym MembershipHearing aids	<p>Helps with the cost of prescription drugs.</p> <p>Purchase stand-alone or included with your Medicare Advantage Plan.</p>

Medigap: Medicare Supplement Insurance

Medigap functions as supplemental coverage to Original Medicare, providing additional coverage for deductibles, copayments and co-insurance, and is offered by private insurance companies. You must have Medicare Part A and Part B to enroll.

If I get Original Medicare, why do I need additional coverage?

Original Medicare does not cover:

- ✗ Deductibles, coinsurance, and copays for covered services
- ✗ Most dental care
- ✗ Most prescription medicines
- ✗ Routine eye care
- ✗ Routine hearing exams
- ✗ Fitness programs
- ✗ Services outside of the U.S.
- ✗ Acupuncture

*Certain private health plans may cover some or all of these services.

When can I enroll?

Many people enroll in the 7-month window around their 65th birthday. Contact us to learn more about eligibility, how to enroll, and selecting the best plan for your health needs and financial situation.
